Medical Device [MOUNTING SOLUTIONS]

GCX
Mounting Solutions

Advances in medical technology and IT have changed the way healthcare providers interact with equipment in medical environments. As technology evolves, one of the biggest challenges healthcare providers face is effectively integrating new hardware into existing spaces.

GCX has spent more than 40 years creating mounting solutions exclusively for the healthcare industry. GCX's reliable, durable products provide adjustable positioning, accessibility, and security to accommodate ergonomic needs of the end user. These fully configurable mounting solutions improve clinical environments including Exam Rooms, Emergency Departments, Operating Rooms, PACUs, Med-surg Areas, Critical Care (ICU/CCU) Units, and Radiology (PACS).

Contact GCX today and take advantage of the expertise of the worldwide leader in mounting solutions for healthcare.
